BOQUET VALLEY CENTRAL SCHOOL DISTRICT UNIVERSAL PRE-KINDERGARTEN REQUEST FOR PROPOSAL (RFP)

An RFP defines the situation or object for which the goods and/or services are required, how they are expected to be used and/or problems that they are expected to address. Vendors are invited to propose solutions that will result in the satisfaction of the school district's objectives in a cost-effective manner. The proposed solutions are evaluated against a predetermined set of criteria of which price may not be the primary consideration.

Introduction

The Boquet Valley Central School District intends to provide a Universal Pre-Kindergarten (UPK) program for district students who are four years of age by December 1, 2026. The District will operate two UPK classrooms, one of which is an integrated special education classroom, and expects to serve approximately 24 children across both rooms.

The intent of this RFP is to solicit proposals from community agencies that presently offer a Pre-Kindergarten program. Agencies who desire to apply to this RFP must offer a pre-Kindergarten program that meets specific requirements of the Commissioner of Education's Regulations.

Instructional and Curricular Expectations

The school district seeks an educationally based UPK program that will meet the Uniform Quality Standards of Section 151-1.3 regulation as amended by the New York State Board of Regents. The Boquet Valley Central School District is responsible for fiscal and program oversight and student progress in all settings. The Boquet Valley Central School District will implement curricula and practices that ensure strong instruction aligned with the five (5) Domains of the New York State Prekindergarten Learning Standards:

1. Approaches to Learning
2. Physical Development and Health
3. Social and Emotional Learning
4. Communication, Language, and Literacy Part A and Part B
5. Cognitive and Knowledge of the World (Mathematics, Science, Social Studies, Arts)

The goal of the district is to work in a collaborative manner with community agencies and to promote active parental involvement. The school district is required to provide staff development to the UPK provider(s) and the UPK provider(s) are required to attend professional development based on the instructional needs of students. Collaborative agencies will be required to work with the Boquet Valley Central School District to provide a positive transition for children participating in a pre-Kindergarten program.
